What's New

May 2004

Do you want to review or update your CalSTRS account information? The *myCalSTRS* Web site now provides you with a secure, online location to view and update your personal account information. Access to *myCalSTRS* is easy from the CalSTRS Web site at www.calstrs.com. Just click on the Register button and follow the three easy steps.

Account Profiles

The new Account Profiles page offers links to three profile types. Each profile displays specific types of information and provides links to relevant forms to help you keep personal accounts up-to-date:

Personal - Demographic information such as address and telephone numbers, and personal information such as date of birth and gender.

CalSTRS - Specific account information. Customers with multiple accounts can select which account to display by selecting it from the pull-down menu. Each account has two account information categories: Account Info and Tax Info.

- Coverage type
- Account status history
- Option beneficiary and option number
- One-time death benefit recipient
- Tax withholding information

myCalSTRS - User information such as username, password, Level 2 Access status.

Level 2 Access

You now have the ability to make online updates to specific types of mailing addresses and telephone numbers if you request Level 2 Access. The option to get this enhanced access is offered to all registered *myCalSTRS* users. Level 2 Access allows you to view additional information and update specific items. For details, log to *myCalSTRS* at www.calstrs.com.

Future Features

This fall you will be offered a secure communication feature. This feature can provide a method to securely send and receive confidential information or answers to your personal account questions.

Also this fall, members receiving benefit payments can look forward to viewing and printing their payment stubs and year-to-date payment information.
